## DETAILED ACTION

### *Claim Rejections - 35 USC § 102*

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 5 and 9-11 are rejected under 35 U.S.C. 102(b) as being anticipated by Berg '323.

Berg'323 shows a chair seat and standing apparatus (10) comprising a pair of pads (16), a pair of seat platforms (17R,17L), a lower platform (15), and resilient means (31) positioned below the seat platforms and secured to the lower platform for springing action to allow for pitch, roll, and yaw motion.

With claims 10-11, the resilient means (31) has four resilient units.

### *Remarks*

Based on another prior art search, the examiner has decided to withdraw the finality of the last Office action and apply new art to the remaining claims.
